Board Action Requested:

Summary of Information:

In December 2001, the Board established the County's Intimate Partner and Family Violence Fatality Review Team. The team was established to conduct reviews of intimate partner and family violence fatalities in an effort to prevent future family violence related deaths. Team members represent 14 county and community agencies that provide domestic violence services.

Sharon Lindsay, Chesterfield Police Department, will make a presentation on the Chesterfield County Fatality Review Team's report, Findings and Recommendations. This is an update to a full report issued in October, 2004 after the team reviewed domestic violence homicides in Chesterfield County. The data in the report covers 1997-2004. Included in the presentation are examples of how agencies on the Team have implemented the recommendations made in the 2004 full report.

**Chesterfield County Intimate Partner and
Family Violence Fatality Review Team
Findings and Recommendations
Edition II, July 2006**

The Chesterfield County Intimate Partner and Family Violence Fatality Review Team was established in December 2001 to conduct reviews of intimate-partner and family-violence fatalities in an effort to prevent future family-violence related deaths. Team members represent 14 county and community agencies and organizations that provide domestic violence services. The team reviews intimate-partner homicide cases to identify trends in domestic homicides and to improve the system's response to families experiencing domestic violence. The team also works to support Chesterfield County's strategic goal of being the safest and most secure community of its size in the United States.

In October 2004, the team produced a lengthy report on cases reviewed from 1997-2001 (copies of this report are available by calling (804) 706-1272). Since that time, the Chesterfield County Intimate Partner and Family Violence Fatality Review Team reviewed six additional cases that resulted in nine victims. This update is a synopsis of the information acquired during the review of those six cases and a comparison of all the cases the team has reviewed.

Case Demographics

1997-2004 Cases Reviewed

17 intimate partner homicides, which resulted in 25 victims.

Ten of the cases (59%) were homicides/suicides, where the perpetrators killed the victims and then killed themselves.

Male	8 (32%)

Race of Victims

Caucasian	15 (60%)
African American	7 (28%)
Middle Eastern	2 (8%)
Asian	1 (4%)

Average age of the 18 adult victims: 39

Seven of the victims killed were under the age of 18.

Gender of Perpetrators

Male	14 (82%)
------	----------

Female 3 (18%)

Race of Perpetrators

Caucasian 13 (77%)

African American 4 (24%)

Average age of perpetrators: 42

Marital Status of the Parties

Married 9 (53%)

Engaged 1 (6%)

Boyfriend/girlfriend 6 (35%)

Divorced 1 (6%)

Risk Factors

Use of Firearm

In 13 cases (76%), a firearm was used to perpetrate the homicide.

History of Physical and Emotional Abuse

In 12 cases (71%), there were histories of mental and emotional abuse towards the victim. In nine cases (53%), there were histories of physical abuse towards the victim.

Victim Reported the Abuse to Someone

In ten cases (59%), the victims reported the domestic abuse, usually to a family members or a friends.

Criminal History

In ten cases (59%), the perpetrators had criminal histories. Five of these cases involved domestic violence arrests. Only one of the perpetrators had been convicted of a domestic violence related crime.

Recent Separation

In nine cases (53%), the victims had either recently separated from the abusers or were planning to leave the abusers.

Substance Abuse

In seven cases (41%), the perpetrator used drugs and/or alcohol. In five cases (29%), the victim used drugs and/or alcohol.

Prior Police Calls

In seven cases (41%), the police had been called to the homes to intervene in domestic situations.

Mental Health Services

In seven cases (41%), the perpetrators had received mental health services.

In three cases (18%), the victims had received mental health services.

Threats to Kill the Victim

In six cases (35%), the perpetrators had threatened to kill the victims.

Prior Protective Orders Issued

In five cases (29%), the victims had received family abuse protective orders prohibiting contact with the perpetrators. None of the victims had protective orders in place when they were killed.

Domestic Violence Family History

In five cases (29%), there were histories of domestic violence in the victim's family of origin. In two cases (12%), there was a history of domestic violence in the perpetrators' families of origin.

Pending Criminal Charges

In four cases (24%), there were pending criminal charges against the perpetrators. Three of those cases involved pending domestic violence charges.

Recommendations

After considering the six additional cases, the team did not have any additional findings or recommendations from those offered in October 2004. Included in this section are some examples of how team representatives have implemented the original recommendations within their agencies.

1. **Fact:** 59% of the cases involved homicides/suicides. In these cases, the perpetrators killed their partners and then killed themselves. All of the perpetrators were males.

Recommendation: Increase training on awareness and suicide risk factors for families involved with domestic violence.

Recent Developments

- The Chesterfield County Domestic Violence Task Force (CCDV Task Force) sponsored public/interagency training on suicide and domestic violence, which was presented by the Chesterfield County Mental Health Support Services Department.
- The Chesterfield County DV Task Force sponsored public/interagency training on findings and recommendations of Fatality Review Team Report for the public.
- The Chesterfield County Police Department enhanced recruit training and in-service training on suicide and domestic violence.
- Chesterfield County Community Corrections Services notifies Mental Health Support Services when a probation officer detects any indication of suicide/homicide concerns with clients.

2. **Fact:** 71% of the perpetrators had histories of psychologically, emotionally and verbally abusing their victims; 53% used physical abuse against their adult victims. Victims often do not self-identify as being a victim of domestic violence.

Recommendation: Increase families' awareness of signs and symptoms of domestic violence. Resource material and hotline numbers should be made more available to family members in public places, i.e. small businesses, grocery stores, ABC stores, pharmacies, salons, medical establishments, attorneys' office, churches, movie theaters, restaurants and car repair shops. Victims should be strongly encouraged to participate in services that would increase their safety and knowledge of domestic violence patterns.

Recent Developments

- The Chesterfield County Domestic Violence Task Force distributes information about domestic violence to the public.
- The Chesterfield County Domestic and Sexual Violence Resource Center printed domestic violence awareness literature in English and Spanish.
- The Chesterfield County Domestic and Sexual Violence Resource Center increased community presentations covering on such topics as power and control, domestic and sexual violence awareness, mild brain trauma, and healthy relationships.
- The Chesterfield County Health Department increased its diligence in watching for signs of domestic violence during physical screenings.
- The Chesterfield County Domestic and Sexual Violence Resource Center and the Chesterfield County Victim/Witness Assistance Program advocates provide resources and safety planning information to all victims requesting court-issued protective orders.
- Community Corrections Services provides information regarding the dynamics of domestic violence to offenders, victims, and their families and friends.

3. **Fact:** 76% of the victims were killed with a firearm.

Recommendation: Increase awareness about the connection between having access to firearms and deaths by domestic violence. There is a greater risk of domestic violence deaths if guns are available. If a victim is threatened or assaulted by a firearm, he/she should immediately contact police or a domestic violence hot line. All service providers should assess for availability of firearms, when working with families who experience domestic violence. Service providers should be educated about the laws regarding domestic violence and firearms and should use the law to the fullest extent to increase safety for victims and families.

Recent Developments

- The Chesterfield County Police Department and the Chesterfield County Commonwealth's Attorney's Office increased training on firearms and domestic violence.
- The Chesterfield County Sheriff's Department increased its vigilance with regard to assessing abusers' access to firearms when serving protective orders.

4. **Fact:** 53% of victims were recently separated or planning to separate from the perpetrator.

Recommendation: Increase awareness of lethality risk factors including those associated with separation. Service providers should perform lethality risk assessments that include questions about separation and focus on the risk associated with separation to enhance victim safety.

Recent Developments

The following agencies have improved lethality assessments with families experiencing domestic violence: Victim/Witness Assistance Program, Police Department, Commonwealth's Attorney's Office, Sheriff's Department, Child Protective Services, Domestic and Sexual Violence Resource Center, Health Department, and Community Corrections Services. Mental Health Support Services has begun to implement lethality assessments.

5. **Fact:** In 82% of the cases, children younger than 18 were living in the home. Six of the twenty children (30%) in these homes were killed.

Recommendations: Provide domestic violence education and training within the school system for staff and all adults working with children. Make resource materials more readily available in schools. Explore including healthy-relationships information in classroom curriculum at all grade levels. Training should include how to recognize when children are impacted by domestic violence and when to report this to Child Protective Services.

Recent Developments

- The CCDV Task Force sponsored a public/interagency training on children and domestic violence which was presented by Mental Health Support Services.
- The CCDV Task Force monitors the DELTA Project, which provides information about healthy relationships via after school programs.
- The Chesterfield County Domestic and Sexual Violence Resource Center provides information regarding teen dating violence to students and staff at schools throughout the county.
- Community Corrections Services coordinates supervision of domestic violence offenders with social workers from Child Protective Services to ensure child safety.
- Victim Witness enhanced communication with Child Protective Services social workers to ensure child safety.
- Child Protective Services created a Domestic Violence Team to enhance responses to children impacted by domestic violence.
- The CCDV Task Force distributed information to all school personnel on the effects of domestic violence on children

6. **Fact:** In 41% of the cases, the perpetrators had histories of alcohol and/or drug use. In 29% of the cases, the victims had histories of alcohol and/or drug use. There was

a significant relationship between domestic violence and substance abuse in the reviewed deaths.

Recommendation: Families and friends need to be aware of the significant risk factors of domestic violence and substance abuse. Encourage substance abuse service providers, court programs, support groups and domestic violence programs to coordinate services. Substance abuse increases the risk of domestic violence occurring.

Recent Developments

- Community Correction Services (CCS), considers the correlation between substance abuse and domestic violence when conducting lethality assessments.
- CCS increased collaboration and cross training between domestic violence and substance abuse service providers.
- The Chesterfield County Domestic and Sexual Violence Resource Center has established a working relationship with CCS/Dual Treatment Track in responding to instances of domestic and sexual violence when we have clientele in common or when resources are needed.
- The Chesterfield County Victim Witness Assistance Program provides information regarding support groups for families and friends of substance abusers to victims.

7. Fact: In 59% of the cases, the perpetrators had prior arrests. Almost half of these arrest records involved domestic violence arrests

Recommendation: Identify repeat offenders and assess for increased services and/or supervision needs, i.e. specialized probation services, safety planning for victims, outreach services for family members and stricter sentencing recommendations.

Recent Developments

- Police Department increased police documentation on repeat calls for service and domestic violence arrests.

Board Action Requested:

Adoption of the attached resolution.

Summary of Information:

First recognition of Disability Awareness Month was made on August 11, 1945 by a joint resolution of the United States Congress. Further support came through the signing of the Americans with Disabilities Act of 1990 (ADA).

This resolution is for the recognition of Chesterfield County residents with a physical and/or sensory disability with reference to their contributions to this community. It focuses on our commitment to increase awareness of Chesterfield County residents through activities, education, programs, employment, county services, public accommodations and other areas for people with physical and sensory disabilities.

RECOGNIZING OCTOBER 2006, AS "DISABILITY AWARENESS MONTH"
IN CHESTERFIELD COUNTY

WHEREAS, the first recognition of Disability Awareness Month was made on August 11, 1945 by a joint resolution of the United States Congress as the "*National Employment of the Physically Handicapped Week*"; and

WHEREAS, Disability Awareness Month was further supported through the signing of the "*Americans with Disabilities Act of 1990*" (ADA) by President George H. W. Bush for the purpose of prohibiting discrimination against persons with disabilities in education, employment, and government services, and at places of public accommodation, commercial facilities, and in many other areas of society; and

WHEREAS, Disability Awareness Month highlights that people with disabilities residing in Chesterfield County are valued and vital members of the community; and

WHEREAS, Disability Awareness Month acknowledges and salutes the skills, talents, creativity, and abilities that people with disabilities contribute to Chesterfield County; and

WHEREAS, Disability Awareness Month increases public knowledge of the barriers, social or physical, that still exist and prevent full participation in community living of Americans with disabilities and that the foundations established by the ADA are continued with commitment and passion.

NOW, THEREFORE, BE IT RESOLVED, that the Chesterfield County Board of Supervisors, this 11th day of October 2006, publicly recognizes October 2006, as "Disability Awareness Month" in Chesterfield County and urges all citizens to support the activities of the Chesterfield County Disability Services Board through advocacy for people with physical and sensory disabilities.

RECOGNIZING MR. R. E. "DICK" PAGE FOR HIS CONTRIBUTIONS
TO THE BEAUTIFICATION OF CHESTERFIELD COUNTY

WHEREAS, Mr. R. E. "Dick" Page is an outstanding citizen of Chesterfield County, Virginia; and

WHEREAS, Mr. Page has been an advocate for the county and residents in the removal of illegal signs placed in medians and alongside roads; and

WHEREAS, signs in the medians and immediately adjacent to county roads are located in the rights of way maintained by the Virginia Department of Transportation; and

WHEREAS, state law makes it illegal to erect most temporary signs on VDOT-controlled property and VDOT is the only entity given the right to enforce that requirement; and

WHEREAS, the Virginia Department of Transportation gave Chesterfield County the authority to remove those signs in 2000; and

WHEREAS, the county's Code Compliance Office, which is responsible for the enforcement of county zoning ordinances, without additional staff or resources, has been able to remove 12,328 illegal signs in VDOT rights-of-way since January 2004; and

WHEREAS, the removal of these signs has been a challenge for Code Compliance Officers, due to the number of complaints and the increasing number of illegal signs; and

WHEREAS, Mr. Page has personally removed hundreds of these illegal signs; and

WHEREAS, in July 2007, Mr. Page proposed the creation of a code-compliance task force made up of resident volunteers to help keep these signs off of public roadways; and

WHEREAS, Mr. Page's efforts led to county staff investigating the issue and, in September 2006, the Board of Supervisors approving an agreement with the Virginia State Department of Transportation that designates Chesterfield County as an agent of VDOT to remove illegal signs in the rights of way within the locality and to take enforcement actions against those who place them there; and

WHEREAS, this agreement also enables the county to organize a volunteer program to assist in clean up efforts; to communicate with residents and businesses about this initiative; and to establish enforcement mechanisms against those who place illegal signs in the public rights of way in the county; and

WHEREAS, Mr. Page's support of this initiative will lead to the beautification of the county and a recovery of county landscape from commercial graffiti; and

WHEREAS, Mr. Page has served his local community and Chesterfield County with great energy, leadership, dedication and wisdom in this situation and in other capacities; and

WHEREAS, Mr. Page has been a positive force for change in his community and for Chesterfield County, and his efforts will continue to have a beneficial effect for years to come.

NOW, THEREFORE, BE IT RESOLVED that the Chesterfield Board of Supervisors, on behalf of all Chesterfield County residents, this 11th day of October 2006, publicly recognizes Mr. R. E. "Dick" Page; extends sincere appreciation for his civic-minded spirit, leadership and pursuit of excellence, which have made Chesterfield County a better place in which to live, work and enjoy life; and offers best wishes to Mr. Page for continued success in all his endeavors.

2007 Legislative Program Sustaining a Healthy, Growing Community

● Board Priorities

- To secure adequate funding for transportation needs in the county.

Recommendation:

Staff recommends this priority due to the on-going potential for legislation in this area and the county's critical road needs.

2007 Legislative Program Sustaining a Healthy, Growing Community

- Board Priorities
- Protect Cash Proffer Authority

Recommendation:

Due to numerous legislative attempts to alter or eliminate existing cash proffer authority, staff recommends continuing this priority for the 2007 session.

2007 Legislative Program Sustaining a Healthy, Growing Community

● Board Priorities

- Protect local government land use and zoning authority

Recommendation:

Staff recommends continuing this priority for the 2007 session due to the potential for legislative attempts to reduce or limit local land use tools and accountability.

2007 Legislative Program

Sustaining a Healthy, Growing Community

● Board Priorities

- Protect local revenues

Recommendation:

Staff is recommending the Board continue this as a priority item because we anticipate both legislative and/or budget language which could reduce revenues received from the state or the local tax base. This could negatively impact the county's ability to provide services to citizens.

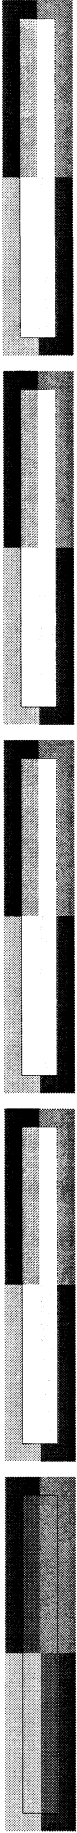

2007 Legislative Program Sustaining a Healthy, Growing Community

- Board Priorities

- Prevent state cost-shifting to localities
- Oppose additional state mandates

Recommendation:

Staff recommends continuing these two priorities due to on-going efforts by state agencies to transfer expenditures to localities and to avoid the need for new local expenses mandated by the state without appropriate state financial support.

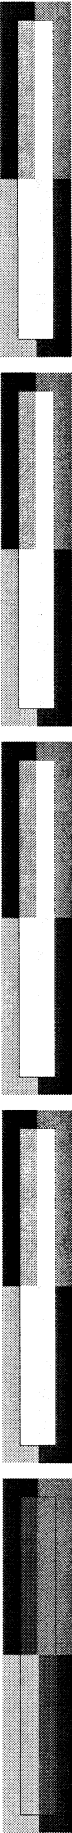

2007 Legislative Program Sustaining a Healthy, Growing Community

- Legislative Requests
 - Potential legislation from Board's Transportation Summit (Placeholder)

Recommendation:

No action now pending results of the Board's Transportation Summit.

2007 Legislative Program

Sustaining a Healthy, Growing Community

● Legislative Requests

- Amend the Code of Virginia to remove the criteria of hardship “approaching confiscation” that Boards of Zoning Appeals (BZA) must currently consider when contemplating variance requests.

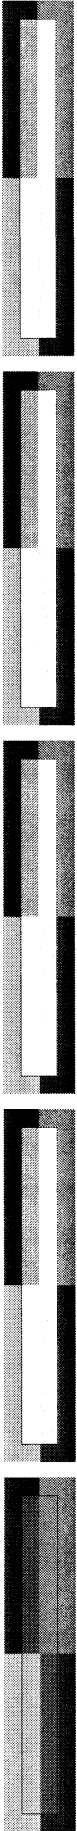

Recommendation:

In the view of many BZA’s, the 2004 Cochran Decision of the Va. Supreme Court tightened the criteria for BZA decisions on variances and effectively eliminated the BZA’s ability to grant appropriate variances.

2007 Legislative Program Sustaining a Healthy, Growing Community

- Support/Oppose Recommendations
 - Potential legislation implementing JLARC recommendations from study of Comprehensive Services Act (CSA) (Placeholder)

Recommendation:
Staff will inform the Board if appropriate legislative requests result from the study.

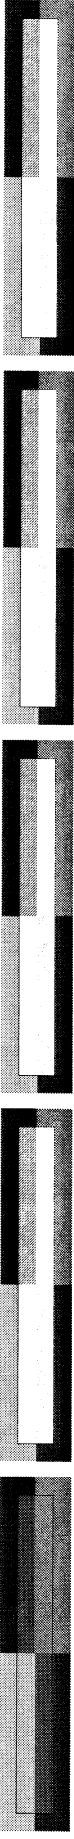

2007 Legislative Program

Sustaining a Healthy, Growing Community

- Additional potential issues for 2007 General Assembly
 - Eminent Domain Legislation
 - Real Estate Tax Caps
 - Transportation Legislation
 - Chesapeake Bay Clean-Up Funding
 - State Budget Funding

Recommendation:

No action now. Staff will keep the Board informed if harmful legislation is introduced on these during the course of the session.

Board Action Requested:

Nominate/Appoint members to serve on the Towing Advisory Board

Summary of Information:

The members of the Towing Advisory Board serve at the pleasure of the Board and have no set term limits. This is in accordance with the Code of Virginia §46.2-1217 adopted as County Ordinance, 1997, the (towing) advisory board shall include representatives of local law enforcement, towing and recovery operators, and the general public.

Colonel Baker has recommended that the Board nominate and appoint the individuals listed on the attachment to fill the vacancies on the Towing Advisory Board. They meet all eligibility requirements to fill the vacancy and have indicated their willingness to serve.

Under the existing Rules of Procedure, appointments to boards and committees are nominated at one meeting and appointed at the subsequent meeting unless the Rules of Procedures are suspended by a unanimous vote of the Board members present. Nominees are voted on in the order in which they are nominated.

RECOGNIZING OCTOBER 8 - 14, 2006,
AS "FIRE PREVENTION WEEK"

WHEREAS, the County of Chesterfield is committed to ensuring the safety and security of all those living in and visiting our county; and

WHEREAS, fire is a serious public safety concern both locally and nationally, and homes are the locations where people are at greatest risk from fire; and

WHEREAS, the National Fire Protection Association (NFPA) has documented through its research a significant increase in cooking fires, even as most other causes of home fires have steadily declined; and

WHEREAS, Chesterfield Fire and Emergency Medical Services first responders are dedicated to reducing the occurrence of cooking fires and cooking fire injuries through prevention and protection education; and

WHEREAS, Chesterfield County residents are responsive to public education measures and are able to take personal steps to increase their safety from fire; and

WHEREAS, using proper care while cooking will have a positive effect on the home fire problem; and

WHEREAS, each cooking fire that is prevented in Chesterfield County is an opportunity to prevent painful injury and costly property damage; and

WHEREAS, the 2006 Fire Prevention Week theme, "Prevent Cooking Fires; Watch What You Heat" effectively serves to remind us all of the simple actions we can take to stay safer from fire during Fire Prevention Week and year-round.

NOW, THEREFORE, BE IT RESOLVED that the Chesterfield County Board of Supervisors recognizes October 8-14, 2006, as "Fire Prevention Week" throughout the county, and urges all people of Chesterfield County to heed the important safety messages of Fire Prevention Week 2006, and to support the many public safety activities and efforts of Chesterfield County's Fire and Emergency Medical Services.

Subject: FY08 Priority List of Primary and Interstate Needs

County Administrator's Comments: *Recommend Approval*

County Administrator: *LBR*

Board Action Requested:

The Board is requested to approve the attached priority list of highway projects and letter regarding Chesterfield's primary and interstate road needs, and forward this information to the Commonwealth Transportation Board and our Congressional and State Legislative Delegations.

Summary of Information:

Each year the Board of Supervisors is requested to adopt a priority list of projects for consideration at VDOT's financial planning and programming meeting. A public meeting has been scheduled for the Richmond District at John Tyler Community College on October 24, 2006. A public comment session will begin at 6:30 p.m. preceded by a special public officials briefing from 5:00 p.m. to 6:00 p.m.

The purpose of the meeting is to receive comments from local government officials and citizens that will assist the Commonwealth Transportation Board (CTB) in updating the Virginia Transportation Six-Year Improvement Program for FY08 through FY13. The Virginia Transportation Six-Year Improvement Program lists projects that have been partially funded for design and

construction. VDOT's meeting provides the county the opportunity to recommend Chesterfield's priority projects for primary and interstate road needs to the CTB. The Board of Supervisors will be asked later this year to consider the Secondary Road Six-Year Program for improvements to the county's secondary road system.

The recommended priority list is shown on Attachment A. The following changes are being recommended:

- Delete Route 360, from Swift Creek to Winterpock Road, which is under construction
- Delete Route 360, from Swift Creek to Route 288, which is under construction
- Add Route 360 from Route 288 to Genito Road
- Add Route 10 from Route 288 to Greenyard Road
- Add Route 288 / Chester Road Interchange Improvements
- Add Route 1 at Old Bermuda Hundred Road intersection relocation
- Add Powhite Parkway Extension construction from Route 288 to Route 360
- Adjust Route 360, from Winterpock Road to Otterdale Road, from priority #8 to priority #4 due to a significant increase in development along the Route 360 corridor

A location map and description of each project is shown on Attachment B. The recommended letter to be submitted to the CTB is shown in Attachment C.

The total cost of the recommended Chesterfield priority projects is approximately \$509 million. The Richmond District consists of fourteen counties and eight cities/towns. The District's total primary and interstate construction allocation for last year was approximately \$106 million.

Recommendation: Staff recommends:

- 1) The Board approve the recommended priority list of highway projects and letter; and
- 2) The approved priority list and letter be forwarded to Chesterfield County's Congressional and State Legislative Delegations and the Commonwealth Transportation Board.

RECOMMENDED PRIORITY PROJECT DESCRIPTIONS

1. **Route 10 (Route 1 to Meadowville Road) - widening to six lanes**
This section of Route 10 carries between 40,000 and 43,000 vehicles per day. This volume is expected to increase to 65,000 vehicles per day by the year 2020. The county completed public hearing design plans for Route 10 from Interstate 95 to Meadowville Road. The Commonwealth Transportation Board approved the design in Fall 1999. Funds for right-of-way acquisition and construction of this project are not in the VDOT Six-Year Improvement Program. The project can be constructed in phases with Phase I being between I-95 and Ware Bottom Spring Road. The county has programmed \$15 million in county bond funds over the next six years in order to construct a portion of Phase I and VDOT allocated \$453,000 for this project in FY07.
2. **Route 60 (Courthouse Road to Old Buckingham Road) - widening to six lanes**
This section of Route 60 is carrying approximately 45,000 vehicles per day. This volume is expected to increase to 57,000 vehicles per day by the year 2020. This project is not in VDOT's Six-Year Improvement Program.
3. **Interstate 295/Meadowville Road - interchange**
This interchange is needed to help promote economic development and to prevent unacceptable levels of service in the future on Route 10, Meadowville Road, and North Enon Church Road. The county has completed the design and has control of the right-of-way needed for construction of the interchange. Congressman Forbes earmarked \$3.35 million in past allocations for the project. Funds for construction of this project are not in VDOT's Six-Year Improvement Program.
4. **Route 360 (Winterpock Road to Otterdale Road) - widening to six/eight lanes**
This section of Route 360 carries between 23,000 and 45,000 vehicles per day. This volume is expected to increase to between 38,000 and 65,000 vehicles per day by the year 2020. This project is not included in VDOT's Six-Year Improvement Program.
5. **Route 360 (Route 288 to Genito Road) - widening to six lanes**
This section of Route 360 carries approximately 41,000 vehicles per day. This volume is expected to increase to 56,000 vehicles per day by the year 2020. This project is not included in VDOT's Six-Year Improvement Program.
6. **Centralia Road (Route 10 to Chester Road) - widening to three lanes**
Centralia Road carries approximately 8,900 vehicles per day. This volume is expected to increase to 16,000 vehicles per day by the year 2020. A high volume of truck traffic and the lack of turn lanes reduces the operational efficiency of the road. This project is not included in VDOT's Six-Year Improvement Program. County road cash proffers will be used for a spot safety improvement of the curve at Lost Forest Drive.

000067

7. **Huguenot Road (Route 60 to Alverser Drive) - widening to six lanes**
This section of Huguenot Road is carrying approximately 44,000 vehicles per day. This volume is expected to increase to 50,000 vehicles per day by the year 2020. This project is not in VDOT's Six-Year Improvement Program.
8. **Route 10 (Route 288 to Greenyard Road) - widening to six lanes**
This section of Route 10 carries between 26,000 and 37,000 vehicles per day. This volume is expected to increase to between 40,000 and 45,000 vehicles per day by the year 2020. Part of this project is a County Bond funded project but is not included in VDOT's Six-Year Improvement Program.
9. **Route 288/Chester Road - interchange**
Improvements are needed on this interchange to help improve the movement of traffic from westbound Route 288 to southbound Chester Road. This section of Chester Road carries between 12,000 and 20,000 vehicles per day. This volume is expected to increase to between 35,000 and 40,000 vehicles per day by the year 2020. This project is not in VDOT's Six-Year Improvement Program.
10. **Route 1 at Old Bermuda Hundred Road - relocate intersection**
The intersection of Old Bermuda Hundred Road and Route 1 has less than desirable sight distance for motorists on Old Bermuda Hundred Road entering traffic flow on Route 1. Relocation of the intersection on Route 1 and relocation of a portion of Old Bermuda Hundred Road is needed to provide a better intersection location. This section of Route 1 carries approximately 22,000 vehicles per day. This volume is expected to increase to 36,000 vehicles per day by the year 2020. This project is not in VDOT's Six-Year Improvement Program.
11. **Powhite Parkway (Charter Colony Parkway to 1,500 feet west of Charter Colony Parkway) - widening to four lanes**
This section of Powhite Parkway carries approximately 16,000 vehicles per day. This volume is expected to increase to 40,000 vehicles per day by the year 2020. The Route 288 project included construction of two additional lanes on Powhite Parkway from Route 288 to Charter Colony Parkway. This project will extend the four-lane road through the Charter Colony Parkway intersection. This project is not in VDOT's Six-Year Improvement Program.
12. **Powhite Parkway Extension; East-West Freeway; North-South Freeway**
Preliminary engineering and right-of-way acquisition are necessary for the county's outer beltway (Powhite Parkway Extension from Route 288 to Route 360; East-West Freeway from Route 360 to Interstate 95; and North-South Freeway from East-West Freeway to Interstate 85). Preliminary engineering is needed to properly identify the location of the beltway. Right-of-way should be acquired where growth threatens to block the corridors. Also, funds are needed for the construction of Powhite Parkway Extension from Route 288 to Route 360. This project is not in VDOT's Six-Year Improvement Program.

13. Signalization (Countywide)

The installation of traffic signals is needed at various intersections. Signalization requests on primary roads received through Board members include: Route 360 at Lynchester Drive; Route 360 at Lynview Drive; Route 360 at Broadstone Road; Powwhite Parkway/Old Hundred Road at Brandermill Parkway; Route 10 at Ecoff Avenue; Route 10 at Parker Lane; Route 10 at West Rock Spring Drive; River Road at Pickett Avenue; Route 1 at Bermuda Hundred Road; Route 1 at Sand Hills Drive; and signal improvements along the Route 60 corridor. VDOT's Six-Year Improvement Program allocates \$495,000 for signalization needs throughout the entire Richmond District.

14. Sight and Sound Barriers (Countywide)

These barriers are needed to reduce the impacts of the roadways on adjoining neighborhoods. This project is not included in VDOT's Six-Year Improvement Program.

15. Park and Ride Facilities (Countywide)

Preliminary engineering is required to identify potential park and ride facility locations. These facilities will be needed in the future to help reduce countywide traffic congestion. This project is not included in VDOT's Six-Year Improvement Program.

16. Remove Tolls on the Powwhite Parkway

Funding is needed to retire the debt on Powwhite Parkway from Chippenham Parkway to Route 288 and allow the tolls to be removed. This project is not included in VDOT's Six-Year Improvement Program.

17. High Speed Rail

Funding is necessary to develop high-speed rail service in Chesterfield County and the region. This project is not included in VDOT's Six-Year Improvement Program.

SUBJECT: VDOT's Fall Transportation Meeting
Chesterfield County Priority Projects

Dear Commissioner Ekern:

On behalf of the Chesterfield County Board of Supervisors, I am submitting Chesterfield County's priority list of highway projects. I am requesting this priority list be entered into the record for the Richmond District Fall Transportation Meeting. Our top four priorities are highlighted below.

Our number one priority project is Route 10 in the Enon area. Route 10 needs to be widened to six lanes from Route 1 to Meadowville Road. In September 1999, public hearing plans for the widening of Route 10 from I-95 to Meadowville Road were approved by the Commonwealth Transportation Board. This project is ready to go to right-of-way and construction if funding is provided. The project could be constructed in phases with the first phase being between I-95 and Ware Bottom Spring Road. The county has programmed \$15 million in county bond funds over the next six years for a section of Phase I and VDOT allocated \$453,000 for this project in FY07. However, additional funding is required for Phase I and to complete the remaining phases of the project.

The county's second priority is the Route 60 project from Courthouse Road to Old Buckingham Road. This section of Route 60 needs to be widened to six lanes. Traffic volumes on this corridor are already high and are expected to increase in the future. Widening of this section of Route 60 should relieve some of the traffic problems we are also experiencing on Old Buckingham Road.

The county's third priority is the I-295/Meadowville Road Interchange project. Construction of this interchange is needed to promote economic development and prevent unacceptable levels of service on Route 10 and other area roads. The county has completed the design of the project and has control of the right-of-way needed for construction of the interchange. Congressman Forbes has already provided over \$3 million towards the project. Additional funding for construction of this project should be programmed in the next Six-Year Improvement Program.

Finally, our fourth priority is Route 360 from Winterpock Road to Otterdale Road. This section of Route 360 carries between 23,000 and 45,000 vehicles per day. This volume is expected to increase to 38,000 and 65,000 vehicles per day by the year 2020 due to increased growth along the western portion of the Route 360 corridor. Funding for construction of this project should be programmed in the next Six-Year Improvement Program.

We look forward to seeing these needed road improvements constructed.

Sincerely,

R. M. "Dickie" King Jr.

Set a Public Hearing Date to Consider FY2008 Enhancement Projects

County Administrator's Comments:

Recommend November 8

County Administrator: _____

LBR

Board Action Requested: The Board is requested to set November 8, 2006, as a public hearing date to consider FY08 Enhancement Projects.

Summary of Information: The Virginia Department of Transportation (VDOT) Enhancement Program is intended to creatively integrate transportation facilities into the surrounding communities and the natural environment. Projects eligible for funding include pedestrian and bicycle facilities; pedestrian and bicycle educational/safety activities; scenic easement/historic site acquisition; scenic/historic highway programs; landscaping; historic preservation; rehabilitation of historic transportation buildings; preservation of abandoned railroad corridors; control/removal of outdoor advertising; archaeological planning and research; mitigation of highway run-off and wildlife protection; and establishment of transportation museums. Transportation Enhancement Projects are financed with 80% VDOT funds and a minimum 20% local match. The local match is usually provided from county funds, from other sources and/or from in-kind contributions. VDOT staff will evaluate project applications and make a recommendation to the Commonwealth Transportation Board for inclusion in the FY08-FY13 Virginia Transportation Six-Year Program.

Summary of Information: (continued)

The Board adopted the following Enhancement Priority Projects last year for FY07:

- Chippenham/Jefferson Davis Interchange Beautification Project
- Genito Road Street Lights (Fox Chase Lane to Watercove Road)
- Cogbill Road Sidewalk (Meadowbrook HS to Meadowdale Library), Ph I
- VSU Sidewalk (Hickory Rd/River Rd from Woodpecker Rd to James St)
- Walton Park Road Sidewalk (between Woolridge Rd and Queensgate Rd)

VDOT allocated \$17 million for enhancement projects statewide. The county did not receive any Enhancement funding for FY07.

Recommendation:

Staff recommends the Board set November 8, 2006, as a public hearing date to consider FY08 Enhancement Projects, and authorize the advertisement for that hearing.

Approval of a Contract and Transfer of Funds for the Purchase of a Parcel of Land at Falling Creek Park - North

County Administrator's Comments:

Recommend Approval

County Administrator: _____

LJA

Board Action Requested:

Approve a contract for the purchase of parcels of land on Jessup Road containing a total of 15 acres, more or less, with improvements, for \$425,000 from Donald R. and Madonna R. Creech, subject to the necessary approvals to use the property for a park, and authorize the County Administrator to execute the real estate contract and deed. Approve transfer of funds to include \$41,000 from the Reserve for Future Capital Projects and \$305,000 from the Route 360 West Area Park to the Falling Creek Park - North Recreational Project Account.

Summary of Information:

Staff requests that the Board of Supervisors approve the purchase of 3 parcels of land on Jessup Road containing a total of 15 acres, more or less, with improvements, surrounded by Falling Creek Park - North as shown on the attached map. Acquisition of the parcel will allow for considerably improved opportunity for recreational use of the 166 acre Falling Creek Park - North property currently leased from the Commonwealth of Virginia. The acquisition contract is subject to obtaining the necessary approvals to use the property as a park. The transfer of funds from the Route 360 West Area Park will not impede progress on that acquisition which is in the site selection process. The balance of funds needed for the purchase are available in the project account. Approval is recommended.

Budget and Management Comments:

This item requests that the Board approve the purchase of three parcels of land containing approximately 15 acres that is located in the center of the Falling Creek Park North site at a cost of \$425,000 plus closing costs estimated to be \$6,000. Purchase of this property had been planned for FY2008 in the Capital Improvement Program (CIP).

In order to purchase this property now, staff is requesting to transfer \$305,000 appropriated in the FY2007 CIP for land purchase options for the Route 360 West Area Park. This temporary transfer of funding will not impede the site selection committee from continuing to move forward on that acquisition. The funding identified in FY2008 for the Falling Creek Park North site will instead be allocated to the Route 360 West Area Park.

Also requested is an additional transfer of \$41,000 from the County's Reserve for Future Capital Projects. The balance in the reserve is \$2,401,798; a transfer of \$41,000 will leave a balance of \$2,360,798.

The remaining balance of \$85,000 needed for this land purchase is available in the Falling Creek Park North capital project account. Development of this park site in the Dale Magisterial District is planned in the FY2011 CIP and will provide trails, parking, playground, and picnic areas.

Transfer a Total of \$2,000 in Bermuda District Improvement Funds to the Parks and Recreation Department to Defray the Costs of ChesterFest

County Administrator's Comments:

County Administrator: _____

A handwritten signature in cursive script, appearing to be "JBR", written over a horizontal line.

Board Action Requested:

The Board of Supervisors is requested to transfer a total of \$2,000 in Bermuda District Improvement Funds to the Parks and Recreation Department to rent space and equipment for ChesterFest.

Summary of Information:

Supervisor King has requested the Board to transfer \$2,000 in Bermuda District Improvement Funds to pay a portion of the costs incurred by the County to supply equipment for Chester Fest. ChesterFest is an event that is co-sponsored by the County pursuant to a written agreement with the Parks and Recreation Department and is open to the general public. The requested funds will help defray the costs that were incurred by the Parks and Recreation Department to rent equipment, such as tents, tables, chairs and stages for the ChesterFest celebration.

This request originally came from the Chester Community Association. The County is legally prohibited from donating money to this organization. The Board is authorized, however, to defray the cost incurred by County departments for civic events which the County sponsors pursuant to a co-sponsorship agreement and which are open to the general public and serve a community-wide audience.

For information regarding available balances in the District Improvement Fund accounts, please reference the District Improvement Fund Report.

RECOGNIZING CHESTERFIELD COUNTY AUXILIARY POLICE OFFICERS
FOR PROVIDING OUTSTANDING SERVICE AT THE COUNTY FAIR

WHEREAS, Chesterfield County's Auxiliary Police are an important component of the Chesterfield County Police Department; and

WHEREAS, these officers receive extensive training based on the Virginia Department of Criminal Justice Services standards, and are sworn law enforcement officers; and

WHEREAS, Auxiliary Police officers are volunteers who render vital public safety services that improve public safety in the county; and

WHEREAS, Chesterfield County Auxiliary Police Officers help to patrol the Chesterfield County Fair each year; and

WHEREAS, those Auxiliary Police officers who devote their time at the Chesterfield County Fair provide a valuable public service and help the public to feel secure; and

WHEREAS, among the duties performed by these officers at the 2006 Chesterfield County Fair were foot patrols of the fairgrounds, bicycle patrols of the parking areas, and traffic control at the intersection of Courthouse Road Extension and Krause Road; and

WHEREAS, this Board of Supervisors, and the residents and business owners of Chesterfield County recognize and greatly appreciate the dedicated service of the Chesterfield County Auxiliary Police.

NOW, THEREFORE, BE IT RESOLVED, that the Chesterfield County Board of Supervisors, this 11th day of October 2006, publicly recognizes the Chesterfield County Auxiliary Police officers who provided service to the public during the 2006 Chesterfield County Fair, thanks them for the approximately 230 hours of combined service they rendered during the fair, and extends to the Chesterfield County Auxiliary Police best wishes for continued success.

Resolution Recognizing October 2006, as "Domestic Violence Awareness Month" in Chesterfield County

County Administrator's Comments:

County Administrator: _____

A handwritten signature in cursive script, likely belonging to the County Administrator, written over a horizontal line.

Board Action Requested:

The Chesterfield County Domestic Violence Resource Center, county domestic violence task force and service providers request the Board proclaim October 2006, as "Domestic Violence Awareness Month."

Summary of Information:

Domestic Violence Awareness month is observed in Chesterfield County and nationwide as a gesture to draw attention to the harsh reality of violence in the home and the work being done to end this violence. Activities throughout the month will remember those who have lost their lives as a result of domestic violence, celebrate those who survive, and support those who work all year to provide safety and support to victims and their children.

Ms. Patricia Jones-Turner, Chesterfield Domestic and Sexual Violence Resource Center Coordinator, and members of the Chesterfield County Domestic Violence Task Force will be present to receive the resolution.

RECOGNIZING OCTOBER 2006, AS
"DOMESTIC VIOLENCE AWARENESS MONTH"

WHEREAS, violence in the home continues as a major social problem affecting all members of the family and community and dramatically reduces the quality of life for many citizens; and

WHEREAS, we understand the problems of domestic violence occur among people of all ages and in families of all economic, racial, and social backgrounds; and

WHEREAS, the crime of domestic violence violates an individual's privacy, dignity, security, and humanity, due to systematic use of physical, emotional, sexual, psychological and economic control and abuse; and

WHEREAS, the impact of domestic violence is wide ranging, directly affecting women, men and their children and our community as a whole; and

WHEREAS, Chesterfield County is committed to supporting the well being of families by advocating for intervention and prevention activities that decrease the incidents of domestic violence; and

WHEREAS, only a coordinated and integrated effort, which obtains a commitment from all elements of the community to share responsibility in the fight against domestic violence, will put an end to the horrific crime.

NOW, THEREFORE, BE IT RESOLVED, that the Chesterfield County Board of Supervisors, this 11th day of October 2006, publicly recognizes October 2006, as "Domestic Violence Awareness Month" and urges all citizens to actively support the efforts of the Chesterfield County Domestic and Sexual Violence Resource Center, the Chesterfield Domestic Violence Task Force and our local domestic violence service providers in working towards the elimination of domestic violence in our community.

RECONOCIENDO A OCTUBRE DEL 2006 COMO
"EL MES DE LA CONCIENCIA DE LA VIOLENCIA DOMÉSTICA"

CONSIDERANDO QUE, la violencia en el hogar continúa como un problema social mayor que afecta a todos los miembros de la familia y la comunidad y dramáticamente reduce la calidad de vida para muchos ciudadanos; y

CONSIDERANDO QUE, entendemos que los problemas de la violencia doméstica ocurren entre personas de todas las edades y en familias de todos los antecedentes económico, racial y social; y

CONSIDERANDO QUE, el crimen de la violencia doméstica viola la privacidad, dignidad, seguridad y humanidad individual debido al sistemático uso del control físico, emocional, sexual, psicológico y económico; y

CONSIDERANDO QUE, el impacto de la violencia doméstica comprende un campo extenso, afectando directamente a mujeres, hombres y sus niños y a la comunidad como un todo; y

CONSIDERANDO QUE, el Condado de Chesterfield está comprometido en apoyar el bienestar de las familias abogando por actividades de intervención y prevención que disminuyan los incidentes de violencia doméstica; y

CONSIDERANDO QUE, solamente un esfuerzo coordinado e integrado, el cual se obtiene de un compromiso de todas las partes de la comunidad para compartir responsabilidad en la pelea contra la violencia doméstica, pondrá fin a este terrible crimen.

AHORA, POR LO TANTO, SE RESUELVE, que la Junta de Supervisores del Condado de Chesterfield, este día 11 de octubre del 2006 públicamente reconoce a Octubre del 2006, como "El Mes de la Conciencia de la Violencia Doméstica" y alienta a todos los ciudadanos para que apoyen activamente los esfuerzos del Centro de Recursos para la Violencia Doméstica y la Sexual del Condado de Chesterfield, la Fuerza de Trabajo de Violencia Doméstica de Chesterfield y nuestros proveedores locales de servicios de violencia doméstica a trabajar hacia la eliminación de la violencia doméstica en nuestra comunidad.

RECOGNIZING THE LATE MR. YALE MANSFIELD BRANDT
FOR OUTSTANDING COMMUNITY SERVICE

WHEREAS, Mr. Yale Mansfield Brandt, born September 7, 1930, was a resident of Chesterfield County for nearly 35 years; and

WHEREAS, Mr. Brandt attended Western Michigan University and received a Bachelor of Science degree in Pulp and Paper Chemistry; and

WHEREAS, Mr. Brandt served in the United States Army during the Korean War and was stationed at Fort Knox; and

WHEREAS, Mr. Brandt began his career at Reynolds Metals Company as a plant chemist, was promoted to plant manager positions, became the head of operations and retired as Vice Chairman of the company in 1995 after 38 years of service; and

WHEREAS, Mr. Brandt was instrumental in developing the Reynolds "Brown-In-Bag"; and

WHEREAS, Mr. Brandt has provided many hours of selfless volunteer service to the county as President of the Harrowgate Trust Community Association; and also served as a board member of numerous organizations including Junior Achievement, Chester Forum, Eskimo Pie, Robert Shaw Controls; and was an active member of the Willow Oaks Country Club; and

WHEREAS, Mr. Brandt was one of the founding members of the Chester Family YMCA; and was a board member of the Chester YMCA and the Metropolitan Richmond YMCA; and

WHEREAS, Mr. Brandt was a member of Grace Lutheran Church since 1972; and served his church in many capacities, including several terms as Congregation President, served on a number of committees of the Southeastern District of the Lutheran Church-Missouri Synod including the Mission Board for Circuit #10 of the Southeastern District, and as a delegate to the Synodical Convention, and was a member of the church choir, and

WHEREAS, Mr. Brandt was well-read and well-traveled, loved golf and tennis, enjoyed young people and mentored many people, both young and old; and

WHEREAS, Mr. Brandt was a Chesterfield County resident of whom we all can be very proud; and

WHEREAS, Mr. Brandt's long and successful life ended on August 17, 2006, and this is a suitable time to recognize his lifetime of commitment and contributions, particularly those to the residents of Chesterfield County, Virginia.

NOW, THEREFORE, BE IT RESOLVED that the Chesterfield County Board of Supervisors, this 11th day of October 2006, publicly recognizes the important contributions of the late Mr. Yale Mansfield Brandt for his civic-minded service, as a volunteer and citizen, and hereby extends its appreciation to his family for his many years of active and dedicated involvement in his community.

AND, BE IT FURTHER RESOLVED that a copy of this resolution be presented to Mr. Brandt's family and that this resolution be permanently recorded among the papers of this Board of Supervisors of Chesterfield County, Virginia.

Public Hearing to Amend the Land Use Taxation Ordinance Related to Family Subdivisions

County Administrator's Comments: *Recommend Approval after public hearing*

County Administrator: *SLR*

Board Action Requested:

The Board is requested to hold a public hearing to Amend the Land Use Taxation Ordinance Related to Family Subdivisions.

Summary of Information:

The Board of Supervisors' legislative agenda for 2006 included a request that the General Assembly amend the land use taxation statutes so that qualifying real property which the owner splits-off to an immediate family member would not incur roll-back taxes from the split if it remains titled to the family member for five years. The attached ordinance amendment implements the change in state law. (The five year holding requirement is identical to the five year requirement currently provided in the County subdivision ordinance).

After taking public comment, staff recommends that the Board adopt the attached amendments.

OF CHESTERFIELD, 1997, AS AMENDED, BY AMENDING
AND RE-ENACTING SECTION 9-22 RELATING TO ROLL-BACK TAXES
IN THE COUNTY LAND USE TAXATION PROGRAM FOR
FAMILY SUBDIVISIONS OF REAL PROPERTY

BE IT ORDAINED by the Board of Supervisors of Chesterfield County:

(1) *That Section 9-22 of the Code of the County of Chesterfield, 1997, as amended, is amended and re-enacted to read as follows:*

Sec. 9-22. Roll-back tax--Imposed.

The county assessor may assess roll-back taxes, penalties and interest in accordance with the Code of Virginia. However, roll-back taxes from a subdivision, separation or split of real property shall not apply to a family subdivision as defined in Chapter 17, provided that title to the parcels subdivided, separated, or split-off is held in the name of an immediate family member for at least the first 60 months immediately following the subdivision, separation, or split-off.
